## Journal of the AAMM – List of Contents - Reprints available on request

### **Vol. 2, No. 1, April 1997**

Editorial, by Dr Michael Yelland 3  
From the AAMM President, Dr Vic Wilk 4  
From the NZAMM President, Dr Jim Borowczyk 4  
The art/ art-science/ science of clinical musculoskeletal medicine, by Dr Neil Hearnden 5  
Letters to the editor 6  
A rationale for prolotherapy in musculoskeletal medicine, by Dr Gurmit S Dhillon 9  
Quiz: Whiplash 13  
Mechanisms of muscular stabilisation, by Scott Magee 14  
Answers to quiz 18  
Case discussion: A case of acute hip pain 20  
Triggerpoints, by Dr Clemens Franzmayr 21  
Case commentary: Low back and leg pain 23  
Musculoskeletal medicine tips: Iliopsoas tendinitis and bursitis 27  
Musculoskeletal medicine tips: Lumbago prevention by simple Mensendieck exercise 27  
The National Musculoskeletal Health Initiative, by Dr Wade King 28  
Journal abstracts 29  
Educational activities 31

### **Vol. 2, No. 2, November 1997**

Editorial: In search of the evidence, by Dr Michael Yelland 3  
From the AAMM President, Dr Vic Wilk 4  
From the NZAMM President: Times of change, Dr Jim Borowczyk 5  
Letters to the editor 6  
Quiz 8  
Mid-line thoracic pain: Diagnosis and treatment, by Dr Norman A Broadhurst 9  
Answers to quiz 12  
Truth in musculoskeletal medicine 1, by Professor Nikolai Bogduk 13  
The National Musculoskeletal Health Initiative: Update, by Dr Wade King 16  
Prolotherapy in lumbo-pelvic pain, by Dr Gurmit S Dhillon 17  
A systematic review of treatments for “tennis elbow”, by Ash Chandani, Debbie Waldron, Swee Sam Teng, and Dr Paul Glasziou 21  
History of musculoskeletal medicine: A tribute to Michael Kelly, by Dr Philip Watson 27  
Case study: A personal encounter with complex regional pain syndrome, by Dr Ron Palmer 29  
Medicolegal brief, by Dr Bruce Walker 34  
Case commentary: Low back and leg pain 35  
Musculoskeletal medicine tips: Carpal tunnel syndrome 39  
Journal abstracts 40  
Book review: Back pain and spinal manipulation 43  
Report on AAMM 27th annual scientific meeting: Low back pain in general practice, by Dr Michael Yelland 44  
Educational activities 45

## **Vol. 3, No. 1, March 1998**

Editorial: The role of manual therapy - is consensus achievable?, by Dr Michael Yelland 3  
From the AAMM President, Dr Vic Wilk 5  
From the NZAMM President, Dr Jim Borowczyk 6  
Letters to the editor 7  
Quiz: Rotator cuff injury 8  
Coupled motion: Relationship to joint assessment, by Dr Peter Gibbons 9  
Cognitive-behavioural therapy: Practical considerations, by Dr Neil Hearnden 15  
Truth in diagnosis 2, by Professor Nikolai Bogduk 21  
Case commentary: Neck and shoulder pain 24  
Medicolegal brief, by Dr Ron Palmer and Dr Donna Callaghan 29  
The National Musculoskeletal Health Initiative: Progress report 30  
Musculoskeletal medicine tips: Slipping rib syndrome 31  
Report on FIMM congress 1997, Prague, by Dr Ron Palmer 32  
International Spinal Injection Society general recommendations for epidural injection, by Dr Vic Wilk 34  
Answers to quiz 37  
Journal abstracts 39  
Musculoskeletal medicine educational activities 42

## **Vol. 3, No. 2, October 1998**

Editorial: I think therefore I AAMM, by Dr Michael Yelland 3  
From the AAMM President, Dr Vic Wilk 4  
From the NZAMM President: Nobody's child, Dr Jim Borowczyk 5  
Letters to the editor 6  
Leg length inequality revisited: An osteopathic approach, by Dr Hywel Watkin 8  
Quiz: Groin pain 16  
How to write or read a paper on pain therapy, by Professor Nikolai Bogduk 17  
Therapeutic exercises for neck pain: A literature review, by Dr Scott Masters 27  
Is thoracic spine tenderness significant in chronic cervical pain?, by L Giglia Smith, F Coll, A McKenzie, J Wessel, and G Allison 32  
Analysis of the cervical component of the slump test, by PC Lew, CA Briggs, M Silberstein, P Barker, and B Robbins 34  
Case commentary: Headache 35  
Medicolegal brief, by Dr Michael Yelland and Dr Donna Callaghan 39  
Answers to quiz 40  
Conference and workshop review 41  
Report on FIMM congress 1998, Gold Coast, by Dr Michael Yelland 42  
FIMM conference: An observer's views, by Dr Clemens Franzmayr 44  
International Spinal Injection Society and Australasian Faculty of Musculoskeletal Medicine Combined meeting, by Dr Michael Yelland 45  
Journal abstracts 47  
Musculoskeletal medicine educational activities 49

## **Vol. 4, No. 1, May 1999**

- Editorial, by Dr Michael Yelland 3  
From the AAMM President: To measure or not to measure? Dr Vic Wilk 4  
From the NZAMM President, Dr Mark Johnston 10  
Letters to the editor 11  
Quiz: Knee injuries 15  
Low-back pain during pregnancy, by Dr Robert Gassin 16  
Musculoskeletal outcome in primary care: Six month outcomes, by Dr Scott Masters and Dr Alisdair McConachie 24  
Truth in musculoskeletal medicine: Truth in diagnosis - validity, by Professor Nikolai Bogduk 32  
Thoughts regarding evidence based medicine, by Dr Ron Palmer and Dr Jacob Patjin 40  
The upper limb tension test in a group of subjects with a clinical presentation of carpal tunnel syndrome, by B Coveney, P Trott, KA Grimmer, A Bell, R Hall, and MO Shacklock 44  
The efficacy of the McKenzie regimen: A review of clinical trials, by T Rebbeck 46  
Is thoracic spine tenderness significant in chronic cervical pain?, by L Giglia Smith, F Coll, A McKenzie, J Wessel, and G Allison 51  
Answers to quiz 52  
Case commentary: Chest pain 54  
International Federation of Musculoskeletal/Manual Medicine (FIMM) update, by Dr Ron Palmer 60  
Journal abstracts 62  
Musculoskeletal medicine educational activities 66

## **Vol. 4, No. 2, November 1999**

- Editorial, by Dr Scott Masters 3  
From the AAMM President, Dr Geoff Harding 4  
From the NZAMM President: The New Zealand accreditation experience so far, Dr M Johnston 6  
Letters to the editor 7  
Quiz: Soft tissue ankle sprains 9  
Chiropractic: A medical perspective, by Dr Robert Gassin 10  
Ethical considerations in the practice of musculoskeletal medicine, by Dr Elizabeth Eliot 16  
Answers to quiz 20  
Truth in musculoskeletal medicine: Truth in therapy, by Professor Nikolai Bogduk 22  
Management of acute non-specific low back pain, by Kylie Fardell 31  
New directions for the conservative management of low back pain: A review of a back stabilisation program, by Dr Julie Hides 42  
Meniscal repair, by Dr Robert Still 46  
Case commentary: Lower leg pain 52  
Journal abstracts 57  
FIMM Update (International Federation of Musculoskeletal/Manual Medicine), by Dr Ron Palmer 61  
Conference report: Appendicular dysfunction for all ages, by Dr Michael Yelland 63  
Musculoskeletal medicine educational activities 64

## **Vol. 5, No. 1, May 2000**

- Editorial, by Dr Scott Masters 3  
From the AAMM President, Dr Geoff Harding 4  
From the NZAMM President, Dr Mark Johnston 6  
Barrie Tait "retires", by Dr Geoff Harding 7  
Letter to the editor 8  
Acute and chronic compartment syndromes, by Dr Chris Jackson and Professor Norm Broadhurst 9  
Hip pain in children, by Dr Philip Brook 14  
NSAIDS: From selective to "specific", by Dr Kathie Knights 17  
Palpation and clinical problem solving, by Professor Robert C Ward 21  
Current use and properties of local anaesthetic in musculoskeletal medicine, by Robert Baird 28  
Case commentary: Knee pain 36  
Journal abstracts 40  
The paradox of osteopathy, by Dr Joel D Flowell 44  
FIMM 2001 international congress proposed program 46  
FIMM update, by Dr Phillip Watson 48  
Musculoskeletal medicine educational activities 49

## **Vol. 5, No. 2, November 2000**

- Editorial, by Dr Scott Masters 3  
From the AAMM President, Dr Geoff Harding 4  
From the NZAMM President: The sense of science, Dr James Watt 5  
The inter-observer reliability and validity of craniosacral palpation, by Dr Victor Wilk and Dr David Vivian 6  
Quiz: Myofascial pain and fibromyalgia 9  
Craft and science, by Dr Paul Quin 10  
Taking a history of back pain, by Professor Nikolai Bogduk 14  
Prolotherapy injections for chronic low back pain: Results of a pilot comparative study, by Dr Michael Yelland and Dr Philip Schluter 20  
The recovergram, by Dr Philip Watson 24  
A retrospective study of the use of caudal and lumbar epidural injections for low back pain and sciatica in a country hospital, 1997 to 1999, by Dr Chris Jackson and Professor Norm Broadhurst 29  
Needles for spinal pain, by Dr Gus Ferguson 34  
Answers to quiz 36  
A prick for a pain in the butt, by Dr Peter Jackson 38  
Journal abstracts 39  
Fluoroscopic assessment of epidural contrast spread after caudal injection, by Dr M Bryan Blackshear, Dr Christopher Lutz, and Dr Gregory Lutz 44  
FIMM update, by Dr Ron Palmer 48  
Precision in paradise - 30th annual conference and scientific meeting, by Dr Scott Masters 49  
Musculoskeletal medicine educational activities 51

## Vol. 6, No. 1, May 2001

Editorial, by Dr Scott Masters	3
From the AAMM President, Dr Geoff Harding	4
From the NZAMM President, Dr James Watt	6
Letters to the editor	7
Diagnosis, taxonomy, and assessment, by Professor Nikolai Bogduk	9
Quiz: Exercise as treatment	19
Ultrasound evaluation of piriformis muscle, by Associate Professor Norman A Broadhurst and Neil Simmons	20
Glucosamine and chondroitin in the treatment of osteoarthritis, by Dr Scott Masters	23
Spinal manual therapy - the evidence, by Dr Robert Gassin	26
The effect of corticosteroids on bone in respiratory patients, by Dr Lynette Cherry	32
International Spinal Injection Society practice standards and protocols: Lumbar medial branch blocks	39
Ankylosing spondylitis and HLA-B27, by Dr Michelle Woodhouse	44
The effect of a brief training intervention on the reliability of lumbar spinal signs, by Dr Michael J Yelland and Dr Philip J Schluter	55
Practice tips: Remove restrictions	59
Practice tips: Getting anterior knee pain straight	60
Answers to quiz	61
Journal abstracts	64
The future: will pain be abolished or just pain specialists, by Dr John D Loeser	71
Book reviews	75
Musculoskeletal medicine educational activities	77

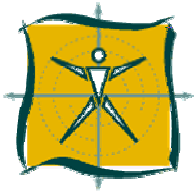

## Vol. 6 No. 2, November 2001

Editorial, by Dr Scott Masters	83
From the AAMM President, Dr Steve Jensen	84
From the NZAMM President, Dr James Watt	86
Letters to the editor	87
Mechanisms of complex pain syndromes, by Professor Nikolai Bogduk	88
AFMM Practice Standards and Protocols: Lumbar medial branch blocks	103
AFMM Practice Standards and Protocols: Cervical medial branch blocks	121
Muscle cramp, by Dr Steve Bentley	142
Management of chronic Achilles tendinosis, by Dr Charles Ng	145
Autologous chondrocyte implantation in the management of articular cartilage defects, by Mr Ian Henderson	152
The stiff painful shoulder, by Mr Greg Schneider	158
Thoughts on soft tissue pain, by Dr Peter Jackson	161
Journal abstracts	166
FIMM update, by Dr Ron Palmer	169
A research perspective on the FIMM congress, by Dr Michael Yelland	170
Comments about the Chicago Triennial Conference, by Professor Norm Broadhurst	171
Educational activities	172
Management of lateral elbow pain	175

## Vol. 7 No. 1, May 2002

Editorial, by Dr Scott Masters	3
From the AAMM President, by Dr Steve Jensen	4
From the NZAMM President, by Dr James Watt	5
The physiology of deep somatic pain, by Professor Nikolai Bogduk	6
The interobserver reliability of thoracic spinal examination, by Dr Michael J Yelland, Professor Paul Glasziou, Ms Jennifer Purdie	16
Quiz: The Knee, by Peter Watson	22
Autologous chondrocyte implantation: Is it the answer?, by Mr E Khoury	23
Cervical pain and regional relationships, by Dr Ron Palmer	25
Knowledge of musculoskeletal medicine at undergraduate and postgraduate levels, by Dr Kerry Vlahos, Dr Malcolm J Bond	28
Reliability and validity studies of diagnostic procedures in manual/musculoskeletal medicine: Protocol formats, 2 <sup>nd</sup> ed., by Scientific Committee, FIMM	33
The effects of a pragmatic approach to low back pain including manual therapy and steroid injections in three randomised controlled trials, by Dr Stefan Blomberg, Dr J Bogefeldt, M Grunnesjo, Dr K Svardsudd	44
Difficulties in management: Chronic patients, by Dr Chris Hogan, Dr Scott Masters	47
Practice Tip: "Pseudo" gout not pseudo-gout, by Dr Peter Jackson	48
Journal abstracts	49
FIMM report, by Dr Ron Palmer	55
Letters to the editor	56
Answers to quiz	57
Musculoskeletal medicine educational activities	58

## Vol. 7 No. 2, November 2002

Editorial, by Dr Scott Masters	63
From the AAMM President, Dr Steve Jensen	64
From the NZAMM President, Dr Steve Bentley	66
Letters to the editor	68
Review of prolotherapy for musculoskeletal pain and disability, by Dr Michael Yelland	69
Percutaneous vertebroplasty, by Dr David Lisle	78
13 golden rules for investigators initiating efficacy studies in manual/musculoskeletal medicine, by Dr Lars Remvig, Dr Richard Ellis	84
Focal dystonia, by Dr Jonathan Kuttner	88
Placebo – its role in analgesia, by Dr Scott Masters	93
Long thoracic nerve injury: case report and review, by Dr Keith Laubscher	96
The treatment of complex regional pain syndrome type 1, by Dr John Robinson	101
How to read a lumbar spine MRI, by Dr Howard Galloway	106
The challenge of low back pain, by Dr Keith Laubscher and Dr John Robinson	110
Journal abstracts	112
FIMM Scientific Committee Update, Prague, May 2003, by Dr Ron Palmer	119
Musculoskeletal medicine educational activities	121

## Vol. 8 No. 1, May 2003

Editorial, by Dr Scott Masters	3
From the AAMM President, Dr Steve Jensen	4
From the NZAMM President, Dr Steve Bentley	6
Letters to the editor	7
Acupuncture: The evidence, by Dr James Watt	13
Consideration of the use of oral opioids for chronic musculoskeletal pain: A consensus and evidence-based approach, by Dr Kok Eng Khor	18
Shoulder pain – what ultrasound imaging reveals, by Associate Professor Norman A Broadhurst, Dr Shane F MacLaren	29
The neck and headaches, by Professor Nikolai Bogduk	32
Shoulder dysfunction and its relation to distal regions of the locomotive system, by Dr Ron Palmer	44
Journal abstracts	48
FIMM report, by Dr Ron Palmer	56
Summary report of the chairman of the FIMM Scientific Committee, by Dr Jacob Patijn	58
Vale Vladimir Janda, by Dr Ron Palmer	64
The NZ Association of Musculoskeletal Medicine annual scientific conference program	65
Educational activities	70

## Vol. 8 No. 2, November 2003

Editorial, by Dr Scott Masters	75
From the AAMM President, Dr Steve Jensen	76
From the NZAMM President, Dr Steve Bentley	78
Letters to the editor	79
Intradiscal electrothermal anuloplasty, by Dr Paul Verrills	80
Osteopathic medicine in perspective, by Professor Robert C Ward	83
The orienting response and the functional whole human body, by Dr A Breck Mackay, Dr Daryl Wall	86
Cervical medial branch blocks and radiofrequency neurotomy in chronic whiplash patients: A literature review, by Dr Giresh Kanji	100
Blomberg's pragmatic approach to low back pain, by Dr Scott Masters	106
NSAIDs: An overview, by Dr Steve Jensen	108
Fibromyalgia – enigma or epidemic?, by Dr Scott Masters	116
Musculoskeletal medicine tip: The matrix, by Professor Nikolai Bogduk, Dr Scott Masters	118
Journal abstracts	119
Educational activities	132
